This is typical for an Over Kill daughter. Her lineage traces to some of the beefiest bulls raised by DCC including Winchester, Gizmo, and Fielder. She is solid and large framed herself. Sadie milks like she is in a dairy herd and really does a great job raising her calves. We have retained 2 heifers in the herd for replacements, one is a Futurity winner and the other one is headed in the same direction. She is a cross of Burton/Dickinson breeding.
