LONGHORN LEGACY GRANT

From its inception, The Source's goal has been to promote and grow the Texas Longhorn breed, and the wonderful people within the breed. The heart of the breed are the impressive youth that dedicate their time, efforts, and heart to their cattle, and they are the inspiration for the creation of The Source Syndicate. In the simplest terms, The Source Syndicate is a buyer's group dedicated to raising money for the Texas Longhorn youth, and having fun. Starting in 2021, The Source Syndicate has raised funds to be distributed directly to youth at the TLBT Senior Heifer Sale at the TLBAA World Show. This sale affords Senior students an opportunity to market a calf throughout the year then auction it off at the World Show. In 2022 The Source Syndicate was able to purchase each animal in the sale, then offer it back to be auctioned again, effectively doubling the amount of money each Senior received. All money raised each year gets used, and no money gets kept by The Source or anyone affiliated with The Source. All money raised will go directly to the youth. We want to thank The Longhorn Legacy Group for this opportunity to help Texas Longhorn Youth, and to Global Livestock Solutions for donating this amazing hunt.

THE FUTURITY MONEY EARNERS

THE OFFICIAL MONEY EARNERS LIST FOR LONGHORN FUTURITIES

2021 changed the whole futurity world. Our goal is much like the Millennium Futurity's "For the promotion of Longhorns." It's adding another value to these cattle that are qualified. 2021 was a huge success with over 17 Futurities competing in the Buckle Chase. At the time of this catalog 2023 has already had more committed futurities. Any checks won in any of these shows will be represented on the Futurity Money Earners List for both the sire and dam of that money winning animal, as well as the owner of that animal. Special thank you to Molly and Jaymie at Hired Hand for their belief in this program. Hired Hand has spsonored this year's buckles again for the second year in a row.

2023 FUTURITY MONEY EARNER AWARD BUCKLES

PRESENTED BY HIRED HAND SOFTWARE

- Bull of the Year awarded to the sire whose offspring wins the most money
- Cow of the Year awarded to the dam whose offspring wins the most money
- Exhibitor of the Year awarded to the show contestant that wins the most money
- Producer of the Year awarded to both sire and dam whose offspring wins the most checks of the year

Please contact Beardavidson@ymail.com to add your futurity to the list.

WHY THE YELLOW HIGHLIGHTS?

We wanted to be different and create a new feature to your standard sale catalog. Each of the yellow highlighted animals are over 80" TTT. Thanks to Hired Hand, we were able to track down many of these measurements. Although we're well aware that there are many great cows under 80" TTT, we wanted to give some extra promotion to the consignments who pulled from the heart of their herds. Thank you to each and every consignors!

COMMENTS: OCV'd. Since JH Lightning In A Bottle is the 2023 Spotlight Bull for the Legacy Sale, we knew we had to consign something to really compliment him. Well, from the very top of our herd, here she is! Steel Rim Rock is 96"+TTT, the daughter of two industry leaders, PCC Rim Rock and BL Rio Nugget, and is tremendous in every way you look at her. Her son, DCT Chardcoal, is our partnership bull with the Aduddell's that just won his class at the Millennium Futurity, as the youngest bull there. The icing on the cake, she's confirmed bred back to JH Lightning In A Bottle, the longest horned black and white bull in the breed. An elite sale deserves an elite cow bred to an elite bull. BREEDING INFORMATION: Not Exposed.

COMMENTS: OCV'd. This beautiful black and white heifer is a daughter of the 2023 Spotlight Bull, Lightning in a Bottle. Her dam's side brings in HL Rios Shining Suzy (91.5" TTT), IP Rio Grande, the 90" TTT black and white World Champion Female, Texana Van Horne, and Starlight, the longest horned female in the breed for many years. Her top side brings in the 90" TTT Lightning in a Bottle bull who is the sire of the black and white, 90" TTT JH Rural Safari Son, also the legendary black and white cow, Night Safari BL, the IH Poco Sun cow who measured 90" TTT at 4 years old, Lady Monika BL and the 104" TTT Cowboy Tuff Chex, along with many more greats! This heifer is one to build a program around!

DOB: 3/20/2020 PH#: 022 REG: CI327711

BREEDING INFORMATION: Exposed to Santee Chex from 2/7/2022 to sale date.

COMMENTS: OCV'd. Whoever buys Pacific Damsel will be a very happy camper. Her dam is Pacific Drag Free, who is an over 90" TTT seven-year-old, good natured, milking machine who calves every year and raises excellent offspring. Furthermore, her sire, JH Rural Country, is over 80" TTT and specializes in throwing lateral horn growth. So, why am I selling her? This is the Legacy and if I don't put in my best, how can I ask others to? Damsel fits everything I've said above. She was 59 5/8" TTT at 24 months and 70 1/4" TTT at 32 months of age. The way she is growing, she will certainly be well into 90" TTT at maturity, and has a legitimate chance at three figures. Finally, she sells bred to Santee Chex, and his reputation for producing excellent female offspring is well known.

COMMENTS: OCV'd. M7 Higher Rowdygirl is an amazing, well made young heifer with an exciting future. She won Grand Champion Heifer at the largest futurity ever and won 8 checks in her first futurity season, totaling almost \$7000. Her sire, HL Higher Ground, is one of the hottest bulls in the game. Dale Hunt has the magical cross of HL Higher Ground x Rowdy HR daughters clicking big time at Rockin' H Longhorns. Dalgood projects M7 Higher Rowdygirl to be over 96" TTT with a cool lateral twist. We have her exposed to our partnership bull, Blue Moon (he's really blue), giving her another dose of Slams Rose (dam to Rebel HR), which has worked big time historically. DAM: BCR CALIFORNIA DREAMER
(ONE STAR COMMAND X LLL MONEA)

DOB: 1/9/2021 PH#: 2101 REG: CI329278*

BREEDING INFORMATION: Exposed to Maga 2020 SS from 8/1/2022 to 12/18/2022.

comments: OCV'd. JM5 Magnolia Bloom has a great story to tell. As a one-month-old, she fought for her life with a bad case of pneumonia. She lived at the vet for three weeks, until she was healthy enough to come home. We visited her daily and our family was determined to do whatever it took to support her. Due to prayer and her being a fighter, we knew God had a plan for her; Magnolia has become a one of a kind Longhorn. She's bred to Maga 2020 SS, who's a young and stout white, tri-brindled bull that puts lots of color and body on his calves. To sell her is heartbreaking, but when consigning, you go big or go home. Is there any heifer out there with 67" TTT on their second birthday? She's out of an 87" TTT, large framed mother and sired by a black and white Cowboy Tuff Chex son. Look no further for a young Legacy heifer, she's right here in front of you in black and white!

COMMENTS: OCV'd. DR Rebels Lady is a beautiful and correct heifer; she's square in every aspect. She's going to be a huge heifer, when she was weaned she towered over calves 4 months older than her (check out the pictures on Facebook). She's pushing some blue roan out of her winter coat and has an incredible horn set already, they are flat, lateral and going backwards. Her full sister sold at the Legends Sale for over \$50,000 and her dam sold for \$100,000 at the Red McCombs Sale and is over 100" TTT as well; this heifer is going to live up to her genetics.

She is truly one of the elite 2020 heifers in the industry. The amazing feat is she will continue to develop while going into her third trimester. COMMENTS: OCV'd and Johne's negative. Tuffy comes with a pedigree that reads the "Who's Who" of the Longhorn industry. She's an own daughter the World's Longest Horned Bull, Cowboy Tuff Chex (105 5/8" TTT) and Awesome Trixie (103 3/8" TTT). Twisty horns like her dam's, Awesome Trixie genetics are slow coming on, but they are proven horn producers. To top it off, we have exposed her to our grulla colored partnership bull, PCC Dark Knight (86 1/2" TTT), whose dam is PCC Dazzle Doll (92" TTT), the elite grulla producer in the industry. After PCC Dark Knight left to go back to our partners, we exposed Tuffy to Tied Off, our black, white, blue roan bull that's a full sibling to the longest black and white female in the industry, Saddle Jewel (94.125" TTT). Sinister gifted us with a beautiful Jungle Jim heifer that we will be keeping as her replacement. She's bred to Rocket Man 10, who is a 90" TTT blue roan outcross that had a daughter sell at Legacy last year for \$33,000. The calf potential alone makes this heifer the full package.

Her dam currently has two daughters over 90" TTT and this heifer is on her way to do the same. Champagne Lady's current measurements and pregnancy status will be provided on sale day. COMMENTS: OCV'd. It's really hard to let go of a heifer with this amount of horn! She measured 57 3/8" TTT at the Legends Futurity while only 16 months old! She was also 42.5" TTT a week before her first birthday. She's going to have incredible three and four-year-old measurements. Her sire is the youngest bull to reach 80" TTT at 2 years and 17 days. Only one of his first seven offspring didn't pass 60" TTT at 24 months old and two of his first three offspring to reach 36 months were over 80" TTT! These are early horn growth genetics at its best. The top side of her pedigree adds Cowboy Up Chex and the 100" TTT BL Rio Catchit. Her dam is also the dam to the longest horn steer in the world, 145" TTT Bucklehead BCB. She is "eat out of your hand" friendly and deep bodied. More info at www.HolyCowLonghorns.com.

BREEDING INFORMATION: Confirmed bred to Hubbells 20 Gauge, due for a May-June 2023 calf.

COMMENTS: OCV'd. Hubbells Golden Special is a rare package of phenotype and genotype with unique color, consistent production genetics and excellent horn growth. Her maternal line goes back to Jamoca, dam of the great WS Jamakizm bull. The last time we showed her was at the 2021 HSC, where she was one of two heifers to win the Superior Award, winning both TTT and futurity winner in her age group. The TLBAA states, "This innovative award showcases our most elite animals that possess the total package we all strive for." In 2022, she stayed home to raise a healthy replacement heifer for us. As a yearling, she took on the first AI attempt, bred back within 2 months the next summer and is a top embryo producer with IVF. She's now over 71" TTT at 30 months old, with horns rolling back and has a chance to be in the elite group of 100" females. At the young age of 19 months old, she measured 56" TTT, so this brindled red head is on a fast track to reach 90" TTT or maybe even 100" TTT. Reba stands tall and elegant in the pasture, her brindle is deep and she has a fantastic build about her. In December we exposed her to our Colluder bull and she will stay with him until she is confirmed bred. COMMENTS: OCV'd. The Legacy Group asked us to consign one of our best, so here she is! A 61" TTT 2-year-old, eating out of your hand, feminine female from the beautiful BL Rio Sammie who goes back to Lady Monika BL. She is sired by Cortez Chex, who goes back to Fifty-Fifty BCB! This really is one of our best females, with nice color, banging conformation, lateral horns, perfect milk bag and a great mother to a black and white heifer calf that sells at side by the 2022 Ultimate Bull, JH Rural Blackout! A possible 3-in-1! She is exposed back to JH Rural Blackout from 12/19/22 to sale date.

COMMENTS: OCV'd. W. E. Hangin' Gold's dam is flying towards 100" TTT, which will make both her sire and dam over 100" TTT. She loves to be hand fed and knows that she is your favorite! This is a rare opportunity to get M.C. Hangin' Tuff over Fifty-Fifty BCB genetics. When pedigree matters and the production is proven, W. E. Hangin' Gold is where you start.

BREEDING INFORMATION: Exposed to Hicks Blowtorch from 6/26/2022 to 10/3/2022 and PCC Big News 10/4/2022 to 10/20/2022.

COMMENTS: OCV'd and Johne's negative. We've never consigned an animal to a sale that was as hard to let go of as GOGO Boots. Heifers like her don't come along very often. Breeding Longhorns that can raise calves, breed back, grow horn and win futurities before they are three years old, is our goal and GOGO Boots checks all those boxes. We weaned an awesome heifer off of her we are retaining. She is bred back to our up-and-coming straight Butler bull, Hicks Blowtorch. She's a futurity champion and an over 70" TTT two-year-old; she's the only true black heifer I know of that has ever accomplished all of these things at this age. GOGO Boots' pedigree speaks for itself, plus the color and outcross twist genetics Blowtorch adds to the mix will make an outstanding calf. More info at www.MichiganMafiaLonghorns.com.

BREEDING INFORMATION: Confirmed bred to HL Front N Center.

COMMENTS: OCV'd. Here's a beautiful young heifer. Sired by the \$100,000 WS Vindicator and goes back to our best producer, HBR Monika's Lady. This cow was so special for us that we sold her and then had to buy her back in an auction. HBR January is going to be better than her mama. She's bred to our big time herd sire, HL Front N Center, out of the Casino's Ace cow. Casino's Ace won the Futurity Money Earner's List 2022 Buckle Chase Producer of the Year with 14 check winners. This is a really wonderful package.

COMMENTS: OCV'd. This heifer has a real chance to be a 100" TTT lady. She was 71" TTT back in October as a two-year-old. Her pedigree is stacked; her dam is now over 90" TTT and her sire is none other than Heart Breaker, who's 90" TTT and 114" TH. This brings in the two longest total horns animals in the breed, M Arrow Cha-Ching (102" TTT and 142" TH) and Cowboy Tuff Chex (112" TTT and 124" TH)... On the bottom side we have the great KC Just Respect and JR Flash. Flash Point has a calm disposition and we can't wait to see who the father of her calf will be, as all of them are high 80" TTT bulls with strong pedigrees... This calf is as good as we have ever raised.

COMMENTS: OCV'd. Since JH Lightning In A Bottle is the 2023 Spotlight Bull for the Legacy Sale, we knew we had to consign something to really compliment him. Well, from the very top of our herd, here she is! Steel Rim Rock is 96"+ TTT, the daughter of two industry leaders, PCC Rim Rock and BL Rio Nugget, and is tremendous in every way you look at her. Her son, DCT Chardcoal, is our partnership bull with the Aduddell's that just won his class at the Millennium Futurity, as the youngest bull there. The icing on the cake, she's confirmed bred back to IH Lightning In A Bottle, the longest horned black and white bull in the breed. An elite sale deserves an elite cow bred to an elite bull. DAM: TROPHY'S FIRST LADY (TROPHY X SR CREOLE'S FANCY)

BREEDING INFORMATION: Exposed to Lightning In A Bottle from 12/18/2022 to 3/15/2023.

COMMENTS: OCV'd. Pacific Brook is a beautiful black and white Top Caliber daughter. Her dam, Trophy's First Lady, is a triple twist 80" TTT producer of many incredible calves. Pacific Brook has always been a producer for us and we never have to doubt her ability to milk and care for her calf. She measures over 80" TTT and over 100" TH. She'll sell bred to the 2023 Legacy Spotlight Bull, Lightning In A Bottle, who's officially over 90". TTT, making him the first true black bull in the industry to do so. It's rare right now in the industry to own a Lightning In A Bottle calf. We also own a heifer, Tink, who is a daughter of Lightning In A Bottle and a granddaughter of Pacific Brook on the bottom; she was a triple crown winner at the 2022 HSC and is a perfect example of what Pacific Brook and Lightning In A Bottle can create; a calf who will have gentle temperament, color, horn and the possibility to even be homozygous black. Regardless of the sex, this calf has all the potential and genetics to be a homerun!

DOB: 2/24/2016 PH#: 6/10 **REG: 286738**

BREEDING INFORMATION: AI'd to JH Rural Safari Son with heifer-sexed semen on 7/6/2022.

COMMENTS: OCV'd. This is an incredible female. Cowboy Catchit Chex has been a big producer in the Futurity Money Earners List and Socks has been apart of that. She was 96.75" TTT in October. She's as quiet and as easy going as they come, always keeps in great shape and has the perfect horn set. She's given us nothing but bulls, so we AI'd her to heifer-sexed semen to the 2022 Spotlight bull. We couldn't think of a better cross to see what she'll produce color wise and horn set wise. She's given us brindle on every calf and there's no telling what that black and white will do!

BREEDING INFORMATION: Exposed to HL Pony Up from 12/15/2022 to sale date.

COMMENTS: OCV'd. Riverforks Plans For You's pedigree is the perfect recipe to produce futurity champions for you. Her sire, Bubba Tuff Chex is known for producing great conformation and color, while adding Cowboy Catchit Chex on top of Bomber Chex 80 will bring in the early horn growth needed to catch the attention of the judges. It's not very often the opportunity to obtain a pedigree hand-crafted by Terry King like this comes along. She is confirmed bred to HL Pony Up, a true black bull whose genetics crossed on Riverforks Plans For You will super charge the future of this progeny. BREEDING INFORMATION: Exposed to Hubbell's Jeremiah 29:11 from 7/29/2022 to 9/21/2022.

COMMENTS: OCV'd. Looking to add twist to your program? Top Most is a standout Top Caliber daughter with one of the tightest twisty horn sets you will find. She is very gentle, easy to work and will eat from your hand. She had a gorgeous brindle heifer calf in 2022 by the 90" TTT Hubbell's Jeremiah 29:11 that we are retaining as her replacement. She is confirmed bred back the same way for a late spring 2023 calf. Top Most measured 86 3/8" TTT on 12/4/2022 and weighed in at 1300lbs. She is a big bodied, beautiful cow that easily maintains her weight through the cold northern winters. Top Most raises healthy calves each year and predicts to twist her way well into 90"+ TTT at maturity and get this, she has never been flushed! A true front pasture "Piece of Art."

JUMA- \$154.00

SIRE: OVER KILL

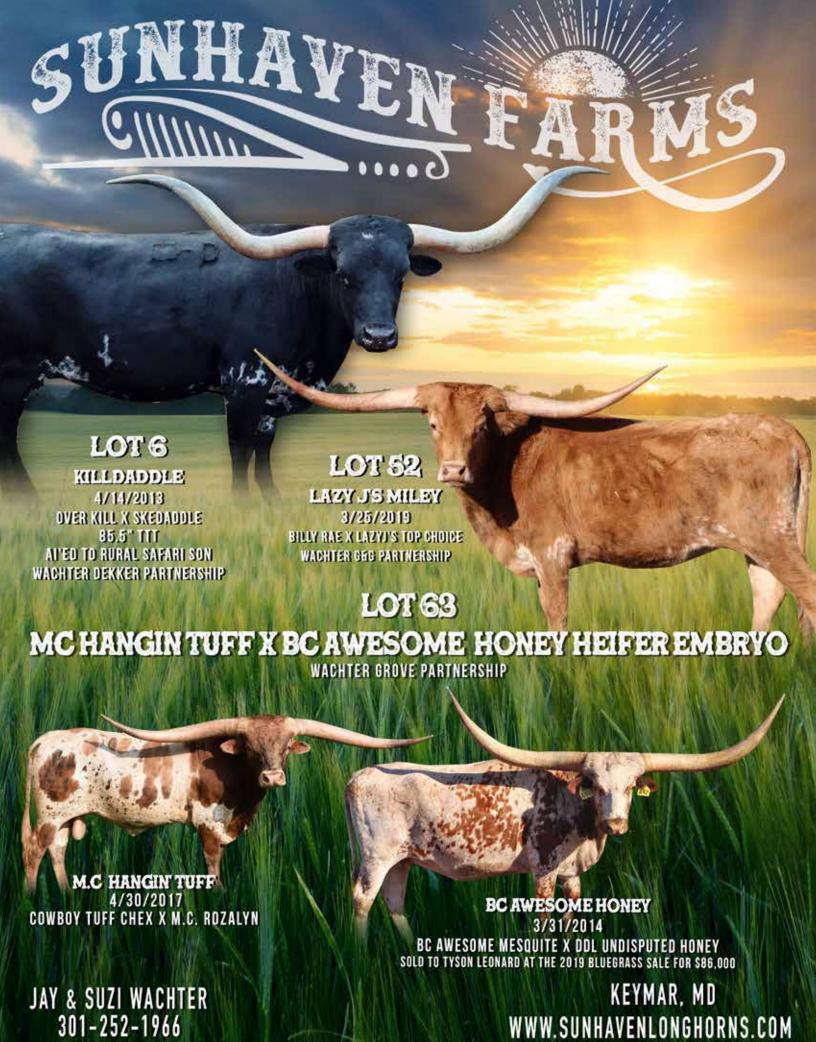

(OVERHEAD X FIELD OF PEARLS)

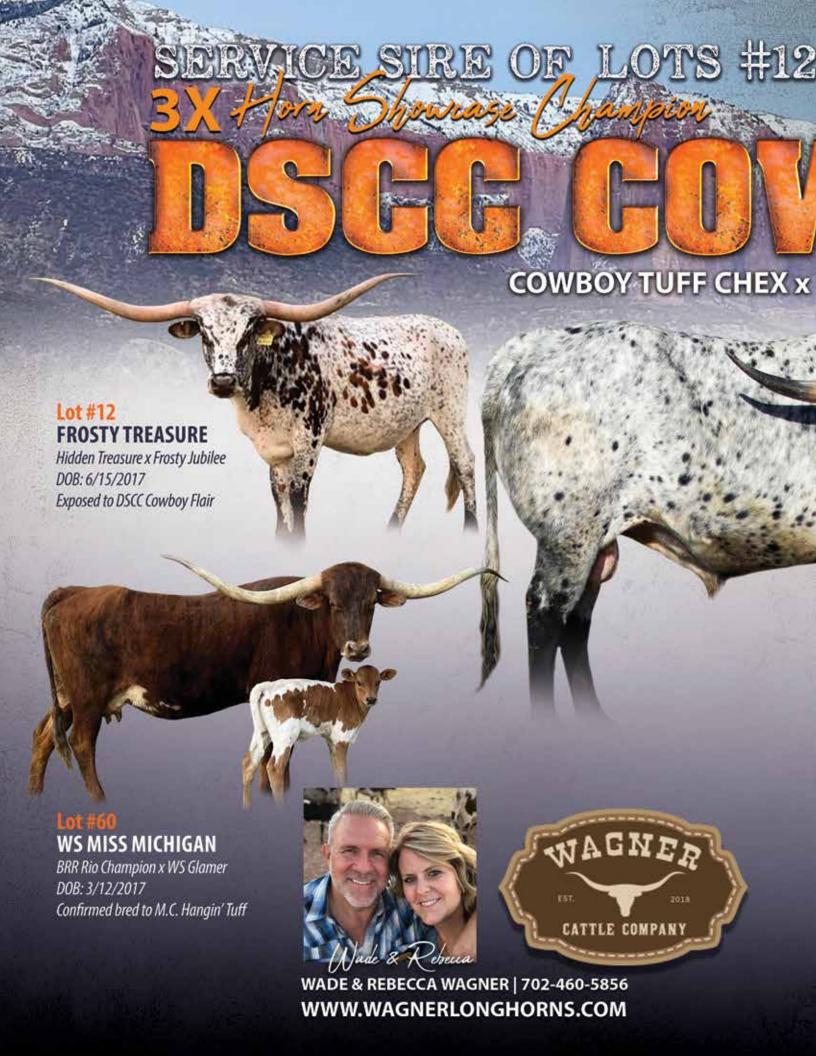

DAM: SKEDADDLE (JUMA X SOUGHT OUT)

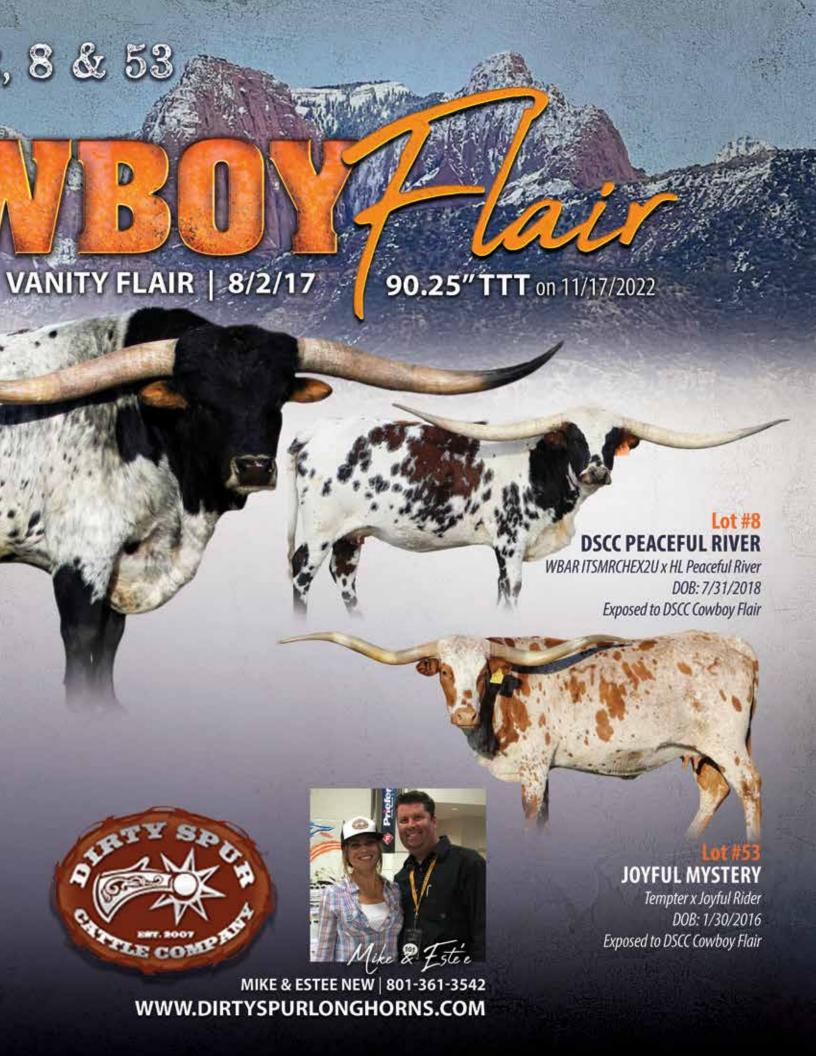

DOB: 4/13/2013 PH#: 301/3 REG: CI289304

BREEDING INFORMATION: AI'd to Rural Safari Son on 11/8/2022.

COMMENTS: OCV'd. This is quite possibly one of the slickest black and white cows you've ever come across, and with twist! Over Kill and Overhead going back to Overlyn has proven that generation in and out. Her pedigree adds the great Dickinson bred Field of Pearls cow and the sons she's produced stacked on top. On her bottom side, she's out of a Juma daughter, bringing some more great color and horn twist along with WS Jamakizm. You just can't make this up. We then put Rural Safari Son back on her, due with an August calf. This is a huge bodied cow, who's an easy keeper, and a joy to be around. She last measured 85.25" TTT. Measurements and breeding updated at sale.

SIRE: TEMPER TANTRUM (TEMPTER X SERENITY NOW)

DAM: VOLCANIC FIRE

DOB: 3/1/2014 PH#: 123 REG: I-267129

BREEDING INFORMATION: Exposed to Concealed Weapon from 5/17/2022 to 9/8/2022.

COMMENTS: OCV'd. Hot Temper comes from Stockton/ Burton breeding of Tempter and Serenity Now, you're also bringing in the Butler cross on the bottom side with that great American Fire and, pay attention here, Rosalyns Volcano. If twist is something you think there needs to be more of and you like to breed it and sell it, this is the female for you because not only does she have four generations of it within her pedigree, she also produces it, low and tight. To add another bonus to the package, she's bred to legendary bull, Concealed Weapon. Concealed Weapon genetics averaged over \$26,000 at the 2022 Hudson/Valentine Sale and you're bringing in more female power with Horseshoe J Example on his bottom side. Keep the twist in the game, there's nothing cooler!

COMMENTS: OCV'd. DSCC Peaceful River is the best cow we've ever raised. Her horn set, direction and over 90" TTT of horn at four years old, make this cow a complete knockout. She's got an incredible body with very nice conformation and extremely unique coloring. She's got amazing parker brown spots and every one is outlined in grulla. This cow will knock your socks off in person and she's producing extremely well for us. We are retaining her 2021 heifer calf out of Rebel HR as her replacement. She's also gentle and easy to work. She's bred to our over 90" TTT bull, DSCC Cowboy Flair, for a fall 2023 calf. DSCC Peaceful River is well on her way to blow past 100" TTT.

I am retaining all three of her heifers in my breeding program and all three of her sons are being retained for use as herd sires. BREEDING INFORMATION: AI'd to Cherokee AKA TSA-LA-GI and confirmed bred.

COMMENTS: OCV'd. BCR Frosty Grace 550 is a true eye-catching longhorn beauty. She is a big bodied "Texas" twisty horn cow with over 84" TTT in 2021. She is a fantastic mama, a great milker with such a good-natured disposition about her. We are retaining her 2021 calf as her replacement; not easy to let her go, as one of our first and favorites, but we can't keep them all. Her pedigree speaks for itself with IP Rio Grande, Emperor and Don Julio on the top and ECR Little Tari, TX W Lucky Lady and Tari Graves on the bottom. She is confirmed bred to Cherokee AKA TSA-LA-GI, a beautiful brindle bull by Cowboy Tuff Chex. What a package and honor to bring to the Legacy Sale!

COMMENTS: OCV'd and Johne's negative. TKR Royal Tuffette is destined for longhorn royalty. This Cowboy Tuff Chex daughter has an enviable maternal side with WS Rising Star (88" TTT) and WS Sunrise (89.5" TTT) not to mention other outstanding females in her pedigree, including BL Rio Catchit (101" TTT) and Tari Graves (81" TTT). The best part is her production where she is confirmed bred to PCC Cactus Jack (81.875" TTT at 2.3 years old) for a spring 2023 calf. She has tipped her right horn or else she would be pushing 90" TTT. Go to www.GillilandRanch.com for updated information.

COMMENTS: OCV'd. Horseshoe J NS is a cow that helped build our breeding program. She's the best of both twist and TTT, measuring 85 1/2" TTT in September. She was bred by the renown Jimmy Jones and her dam and granddam now reside with us. These females pass along gorgeous twisty horn, big correct bodies with lots of color and the maternal ability to raise outstanding calves. In terms of pedigree, she has the perfect foundation! Her granddam, Horseshoe J Feat, goes back to Peacemaker and JS Overdrive and her dam, Horseshoe J I'm A Cutie, adds Cowboy Catchit Chex. Her sire, 401K, brings Drag Iron and Horseshoe J Important to wrap up this genetically power packed cow! She is BVD, Johnes, brucellosis and TB negative and has DNA on file with TLBAA. Her first heifer sold at the 2021 Deep in the Heart of Texas Longhorn sale and was the highest selling lot. We've retained two of her heifers as her replacements. BREEDING INFORMATION: Heifer calf at side born 9/12/2022, sired by CV Call of Duty. Exposed to Heart Breaker from 11/4/2022 to sale date.

COMMENTS: OCV'd. Helm Jewel has no flaws. She is tall, long, gentle and is an outstanding milker. Her disposition is excellent and you can walk right up to her and grab her horns without an issue. I'm not sure you can find a more lateral horned lady in the breed. Her measurement in October was 86" TTT and she should top out around 90" TTT. We are retaining two of her heifers in our herd as replacements... The bonus for you is she comes with a heifer baby out of the CV Call of Duty, who measures 85" TTT and 107" TH. It may get better... She is exposed back to Heart Breaker who is 90" TTT and 114" TH, which then brings in M Arrow Cha-Ching 102" TTT and 142" TH and Cowboy Tuff Chex, who has 112" TTT and 124" TH... So we may have a 3-in-1 in this package... Top shelf cow with a money back guarantee.

COMMENTS: OCV'd. Pretty Lil Handful BCB has represented us at several futurities and yes she, too, is a rifle winner! Her sire, Justify, is making a tremendous mark in our program. He has offspring that have won both horn measuring competitions and futurities. Pretty Lil Handful BCB is out of a Fifty-Fifty BCB daughter who has a lot of flash and is a consistent producer for us. Her full sister measured in at 86 1/2" TTT at 3 1/2 years old and Pretty Lil Handful BCB measured 71" TTT at 2 1/2 years old and her horns haven't rolled over yet! She's bred to Pearl Snap BCB, who proudly sits on the Futurity Money Earners List. When you study the pedigree of the calf she carries, you'll see that it's a double bred Fifty-Fifty BCB calf. She is all spotted up like her dam, who is sired by Winchester. Jest Ironic is a full sister to Jest A Drag and Annex and her dam is a half sister to Winning Smile, Victory Lap and Assome Symbol. COMMENTS: OCV'd. We are proud to offer this young cow as an excellent producer and recipient. Excellent body type, color, disposition, lateral twist and horn length (80"+ TTT with some broomed off). She carries all the old maternal traits of fertility, longevity, milking ability, good feet and style. Please note she was born with a deformed eye. She has a Rebel HR daughter at side offering predictable, consistent genetics. Then we implanted an embryo by Hubbell 20 Gauge x RC Lacey K. This is an extraordinary genetic mating. COMMENTS: OCV'd. Here's a true black with an incredible pedigree with greats like Fifty-Fifty BCB, Awesome Nova, Vanilla Milkshake (90"+ TTT), BL Rio Catchit and Poco Lady BL; that is hard to beat, many ways to win there! The maternal power of her pedigree alone is worthy of consideration. She projects to 90" TTT, is true black and has great pedigree, horn set and body; a winner across the board. She is bred to BR Real Deal, who is BR Cracker Jack (94" TTT) and AM Rose's Ruby (100"+ TTT). Adding more tip to tip to an already great cow. Great disposition too, no flaws on this beauty.

On the bottom side, she has proven genetics. She won both futurity classes she was entered in. But the best part may be her production. On her top side, Dalgood projects Heels and Pearls to be 100"+ TTT and be the longest horned black and white cow in the breed. To top it off, she's been AI'd with heifer-sexed semen to HL Jango, who's closing in on 90" TTT at 4 years old. (FANTON CHEX X WATSON)

DOB: 4/3/2012 PH#: 5/2 REG: CI284113

BREEDING INFORMATION: Heifer calf at side born 11/2/2022, sired by BR Carbon Copy. Exposed back to BR Carbon Copy.

COMMENTS: OCV'd. Our black and white beauty, Carolina's Spirit, is a hard one to part with. She milks great and each year raises a superior calf for us. Production is in her blood, the Glendenning's bought her 81"+ TTT, 4 1/2-year-old daughter from us this year. Her BR Carbon Copy heifer calf at side has a beautiful conformation, black and white color and a double dose of the famous Night Safari BL833 in her genes. Night Safari BL833 has been a huge contributor in the black and white portion of the longhorn industry, so we bred her back to BR Carbon Copy for a dynamic 3-in-1 package that's Legacy worthy.

She has a son, HBR Moses, that was over 90" TTT as a 4 year old and another son by Gold Mine 1, JHCC VooDoo, that was 75" TTT at 29 months and is on his way to 90" TTT as well. COMMENTS: OCV'd. Sittin Monika is one of the very few BL Monika 645 daughters available. She is sired by the great bull, Sittin Bull. She once was the most anticipated calf in the G&G herd and has made money everywhere she's been. She has an incredible horn set, measuring 80"+ TTT and she broke into the Club 100" TH in Fall 2022. Sittin Monika will come bred to Committed, who's sired by TCC Houdini, who was the second longest horned bull at the time of his death. He dam is the the true black Drag Iron daughter, Reneger, who's 80"+ TTT. Freeman Ranch has kept every daughter from Reneger in their herd, as she knows how to milk and produce. When Committed was two years old, he measured 80" TTT, which is an incredible measurement for a true black bull. Monika genetics, along with Sittin Bull, Reneger and TCC Houdini, bring a lot to the table for this calf that she will have.
